

April 9, 1928.

Mrs. Roxanna D. Hall,
Moab, Utah.

Dear Madam:

RE: BOWL CREEK DIST.

I am in receipt of your letter of April 7 and note that you object to the appointment of Mr. Weber as commissioner on Bowl Creek.

I think the record in this matter makes it quite evident that the water users cannot agree on who shall be appointed and it therefore devolves on me to make the choice. I shall take care of the matter before the end of the month and notify you.

Yours very truly,

State Engineer.
